Victory Fete Set Wednesday For UF Drive

Campaign Hits 88.1%
At 2nd Report Meeting;
Pledges at \$306,520

An over-the-goal victory celebration is planned for Wednesday in the current \$348,500 Tri-Cities United Fund campaign which reached \$306,520, or 88.1% of the goal, at Friday's noon report meeting.

Chairman John R. Hundley pointed out this year's campaign is far ahead of last year's which was at 74% in a similar two-week period, and that with a windup early this week by the 250 volunteer workers the goal could be reached and topped by Wednesday.

The victory celebration is planned for 5:30 p.m. Wednesday at the Granite City Steel Co. office building.

Hundley and co-chairman Carl Mathias distributed awards to employee groups and firms for their share contributions.

Clue to Success
The chairman stressed the value of continuous giving programs developed by employee groups.

"As both employees and management are finding out, the continuous giving programs are the best and easiest way to raise more money with less effort."

He added that the \$8,156 total was reached in only two weeks through harmony and teamwork.

"With the reports we are receiving today," Hundley told the 75 campaign workers, "the ditch truck lunchmen at the YMCA, 'We will exceed the goal by a satisfactory amount by Wednesday.'"

Hundley singled out several employee groups for praise—General Steel Industries and A. O. Smith Corp. and their unions.

Unions Praised
The employees of General Steel increased their total pledge by 12%, giving \$27,000 to the campaign despite a slight cutback in employment. R. O. Crecelius, director of personnel for the firm, said the 117 employees also give to seven other agencies in the community.

General Steel's guests at the report meeting included Elvin James, president of the Steelworkers Union; Clarence Propp, president of the Boilermakers Union; James Spinks, representing the Machinists Union and Alfred Westphal, representing the Patternmakers Union, along with Thomas Ditchfield, works manager, and E. E. Veihl, manager of American sales.

C. E. Blankenship of A. O. Smith Corp. reported that employees of the plant pledge \$22,000 to the campaign, up nearly 20%.

Division Leaders' Promise
In presenting reports, each of the campaign divisions promised to hit their goals by Wednesday.

Mitchell Miloski, chairman of the Industrial Employees Division, reported a total of \$143,708 or 95.6%; John Wagner, chairman of the Industrial Firms Division, \$122,905, or 92.1%; George Reeves, chairman of the Commercial Division, \$22,645, or 74%; William F. Hoelscher, chairman

New Fire Dept. for Growing Area

A dance will be held Friday night for the benefit of the Horseshoe Bend Fire district—an organization set up last spring to provide protection for the Bend road and Layton road area. The dance will be at the Long Lake fire department building, Pontoon Beach, it was announced today by Clarence Mains, president of the Horseshoe Bend department.

Contributors of \$1 are being asked as admission to the affair, proceeds of which will be used to purchase new equipment. Plan of Action Ok'd for New Downtown GC

A plan of action for a new downtown Granite City was unanimously endorsed by over 50 merchants and downtown property owners who met Friday afternoon at the YMCA.

Homer Huber, chairman of the Downtown Granite City Shopping Center Association, explained the decision was made following a series of meetings of downtown business people during which the need for a marketing survey was outlined.

Goal Is Improvement
"Purpose of all this," Huber explained, "is to evaluate the future potential of the Downtown Granite City Shopping Center Association district and to bring about improvements."

The Downtown Association on Friday authorized an expenditure of \$10,000 for preparation of a long-range development plan by the Business Research Bureau of Southern Illinois University Carbondale.

The survey will be only the beginning with reports and recommendations to be submitted periodically to the Downtown Association to include marketing and merchandising analysis, a study of traffic and parking conditions and the possibility for a "new look" in the downtown business district.

Traffic Study Important
"We'll need to keep informed on the findings of the city's Traffic Control Commission and its traffic engineer," Huber pointed out.

"This survey will take in the past shopping trends and patterns as well as the new, and we'll be able to better determine shop owners' wants and needs."

He explained the survey will take a number of months to complete, but that with the periodic reports and recommendations progress should be started within a short time.

The overall goal, he stressed, is a widespread improvement in the downtown district, not only in merchandising and services but also in its appearance.

"We've been working on this for some time and the findings should prove beneficial to the shoppers and the association," Huber commented.

He was aided in the preparation of the initial phase of the program by a committee composed of Harold R. Fischer, president of the First Granite City National Bank, Ernest Karandjoff, president of the Granite City Trust & Savings Bank; Ralph Morris of Morris Realty Co. and Ted Berger of Ace Hardware store.

Stink and Smoke Bombs Hurlled Into Two Homes

Homes of two supervisors at Union Starch & Refining Co. were damaged between 9:15 and 9:30 p.m. Saturday by a smoke bomb and a stink bomb.

A stink bomb was smashed through a front window at the home of George Tsao, 3325 Wilshire drive, a research department supervisor, about 9:15 p.m., frightening the family and damaging drapes and carpeting.

Tsao told county authorities he heard an auto drive away but did not see it.

Granite City police were notified about 9:35 p.m. that a stink bomb had been thrown through a large picture window at the home of Donald McAllister, 3136 Morris avenue, a supervisor in the production department.

Police were told the bomb was a jar containing a substance with a pungent odor that was hurled through the large, insulated window from a passing auto.

Drapes and carpeting in the McAllister home were damaged. Company officials said they have been receiving constant reports of trouble.

Decent Literature Group Invites Parents to Meeting

A special program sponsored by Mayor's Commission on Obscene Literature will be presented tomorrow evening at 8 o'clock in the Granite City high school auditorium. All parents and adults are urged to attend.

The program will cover a variety of tragic results of pornography, said Rev. W. J. Richardson, local chairman. "Such people will be shocked at the scope of this problem," he said. He also added that a great number of local citizens should attend the informational program.

Topics that will highlight the evening's program include "Pages of Death," dramatizing a crime committed by a 16-year-old boy after being influenced by obscene literature; "Perversion for a Profit," pinpointing various types of pornography currently being distributed; and "I'd Rather Have a Paper Doll" the story of a marriage and how it is jeopardized and destroyed by the influence of obscene magazines.

A complete outline of local enforcement of city and state laws on obscene materials will also be presented, Rev. Richardson said.

Madaracco, married and the father of four children, has served as president of CODL civic and church organizations. He is a partner in a St. Louis law firm.

SIMPLE or DIFFICULT?

INEXPENSIVE or Costly?

There are several factors that determine the price of prescribed medicine: Is the prescription difficult to prepare — or simple? Are the drugs inexpensive — or costly? That is why there can be no mythical "average price" that would be fair to all customers.

Therefore, we price each prescription individually, basing the price on the cost of the drugs and the time required to prepare the medicine. Isn't that the fairest way to do it?

SHOULD FURNITURE BE MIXED OR MATCHED?

Popular colors in upholstered furniture, draperies and floor coverings change from time to time just the same as they do in women's fashions.

You might be interested in knowing that a recent nation-wide survey at the furniture mart in Chicago shows that blue are the No. 1 best seller now in upholstered furniture, followed by the "fruit" colors—lime, lemon, tangerine and various other shades of green, yellow and orange.

But the best rule in selecting the "basic" color for your living room, or any room in your home, is to start with a color YOU like best.

Some like a monotone, or different tones of the same color used throughout a room. Others like contrasting or harmonizing colors. Either plan, with careful study, can be equally effective.

But you must start some place. In a living room it is best to start either with your floor covering or your sofa or sectional, and work out your color scheme from there. You can also select your wall colors first and then pick the rest of your furniture and furnishings to harmonize with your walls.

Some decorators prefer neutral colors for sofas or sectionals which enable them to use a great deal of color in chairs and accessories. Please feel free to let us help you with any of your "color" problems.

So remember, when shopping, our decorating and sales staff here at Fredman Bros., Furniture Co., Niedringhaus and Delmar Ave. in Granite City, is always ready to serve you. We are open Monday, Thursday and Friday until 5:30 p.m., other nights until 5:00 p.m.

Assisting at the reception were two of the granddaughters, Miss Sara Roman and Miss Laura Jensen, who presided at the tea table.

Madison Trojans Stay Alive, Beat Shells; Lusk Scores Twice

Come From Behind Win

Madison's Trojans spotted Roxana 12 points and then came from behind to down the Shells 20-12 in a Midwestern Conference game at Roxana Thursday night.

The win leaves Madison 2-1 in conference play and Roxana has a 2-2 league mark.

On Roxana's third play from scrimmage, halfback Ron Kerr took the ball off left tackle and outran Madison's Sam Jones for a 77-yard touchdown run. The point-after kick was blocked by the Trojans' Marvin Owca.

Midway through the first half, Roxana got another break. A Madison punt went straight up in the air and was downed on the Trojans' 25 yard line. Between the keeper option plays of quarterback Dick Dona and the running of fullback Tim Nunn, the Shells scored, Nunn carrying the ball over from one yard out.

Once again, the Roxana conversion via kick was blocked by Madison; this time Joe Podnar did the blocking. This left the score 12-0 early in the second quarter.

Trojans Score
Madison managed to get on the scoreboard with 30 seconds left to play in the first half when Paul Lusk, a 215-pound halfback, powered his way over from the four-yard-line.

The Trojans got the pigskin via a Dick Dona fumble on the Shells' 38 yard line.

Nine plays later, Lusk made his touchdown. Owca kicked the extra point, and the half ended with the Trojans trailing, 12-7.

Late in the third quarter, Madison got the ball on its own 31 and, with the help of Lusk and a 28-yard run by the Trojans, were in prime position on Roxana's 31-yard-line when the third period ended.

Lusk picked up 30 yards on the next three plays, the last one seeing him score his second TD of the evening. Owca's kick was wide to the left.

Madison Takes Lead
So, the Trojans took a one-point lead in their come-from-behind battle and led the Shells, 12-12.

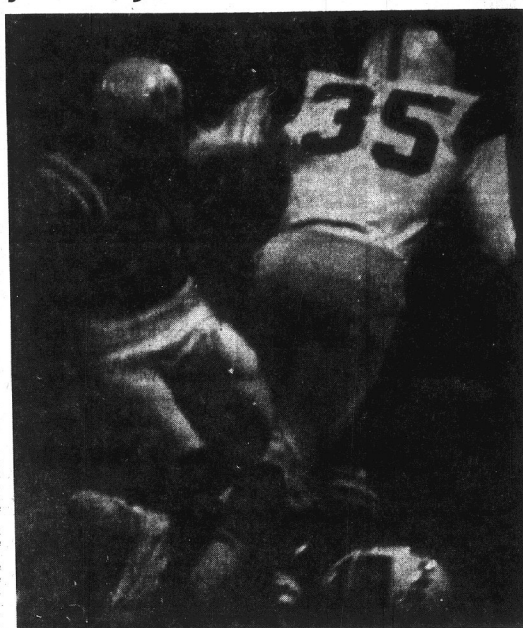

With two minutes left in the game, Madison caught a 41-yard drive by sending Alton Rendell through the line from the one for a touchdown.

Sam Jones took a pitchout and ran wide around right end for the extra point.

Paying no attention to the clock, the Trojans took the ball on Roxana's 19-yard-line and tried to score once more, but the game ended with Madison on Roxana's 16-yard-line.

Roxana's quarterback, who had been effective in completing passes earlier in the season, did not connect with a single aerial in seven attempts.

Roxana's Kerr and Madison's

EAST ST. LOUIS' Jim Gillispie (35) cuts away from Granite City's Dana Lakatos (21) as Jerry McKechnan (on ground) grabs his ankles. The Flyers' left halfback gained 12 yards on this rushing attempt, and helped East St. Louis down the Warriors 28-6.

Lusk put on quite a battle vying for top ground gainer honors. Kerr picked up 116 yards on seven attempts, including his 77-yard touchdown run. But Lusk was the shining knight of the evening as he netted 117 yards on 22 carries, an average of over five yards for each try.

Lusk, who had a basketball knee injury and was operated on earlier this year, played his first full game. Against Dupo, he got in for three plays, and saw a little more action against Bethalto.

Untimely penalties, fumbles and a pass interception slowed the Trojans in the first half, but they remedied those mistakes in the second half of play.

Madison goes back to the drawing board this week and prepares for an away game Friday at Highland, a Midwestern conference rival.

Lucky Punches Follow 9-6 Halftime Score

By MIKE GREMAUD
Press-Record Sports Editor

Wow, what a game. Three lucky punches landed on the Granite City Warriors on the small end of a 28-6 Southwestern conference football game with the East St. Louis Flyers, at Granite City Friday night.

The Flyers climbed on the scoreboard shortly following the opening kickoff. Steve Rohr booted a nine-yard field goal when East St. Louis ran into a stone wall and a fourth down and four situation.

The Warriors, under the direction of quarterback Tim Hackney, hit end Terry Moore on three passes, and end Dana Lakatos on one pass to power their way down to the Flyers' eight. This time the Granite City defense en trier a field goal, but it was no good.

An exchange of punts gave the Flyers the ball on their own 20-yard line. Quarterback Forrest Wells pitched out to halfback Ron Lane, and behind beautiful blocking the senior raced the full 74 yards for the score. Rohr's kick for the extra point was no good.

Not to be counted out, the Fighting Warriors gained possession of the pigskin on a punting situation. Granite City punted, the ball touched an East St. Louis player and bounced around, before a host of Warriors fell on it.

Hackney to Turner
Hackney went to the air and found Rick Turner on three passes, good for 30 yards and the Warriors were on the Flyers' own 2 yard line.

Turner went over for the score on the next play. The Flyers were waiting for fullback Tom Miner, who is used for short yardage and power plays, but Hackney faked to Miner and the big fullback opened the hole for Turner.

The kick for the extra point failed, and the score at the end of the first half was 9-6 in favor of the Flyers.

Tom Miner, fullback on offense and defensive end for the Fighting Warriors, was treated at St. Elizabeth's Hospital for a pain in his left leg after Friday night's game.

Miner, who was released after treatment, suffered a tearing of the medial ligaments below the left knee.

The powerful ground game of Coach Fred Cameron's Flyers was nearly stopped cold by the Warriors. In the first half of play, with the exception of Lane's long run, the stubborn Granite City defense limited East St. Louis to only five yards net rushing.

"Lucky Punch"
The Flyers drew the first of their three "lucky punches" early in the third quarter when left halfback James Lowery went 75 yards for the touchdown.

Granite City got the ball and could get no where. The Warriors punted and before long a play later, James Robertson ran down the sidelines 80 yards for the second "lucky punch" of the evening.

The Warriors were not caught off guard, but merely, the Granite City eleven lacked the horses and speed to keep up with the Flyers. So, when in doubt, run, Cameron must've said.

At any rate, the kick was good and the Flyers led 24-6 with 2:26 remaining in the third quarter.

Robertson Again
Robertson then managed to step his way through the tired Warrior secondary and this time he stepped for 53 yards and another touchdown, the third "lucky punch" for East St. Louis.

Once again, Rohr missed the extra point via kick.

Granite City had all it could do to keep eleven fresh men on the field. If they were not injured and not suited up for the game, then they were just plain plum tucked out after playing both offense and defense.

And when Morrison did find some one to relieve a tired Warrior, it was too late, as the Flyers scored again.

The lack of not having halfback Gary Johnson showed itself in the game statistics. The Warriors managed to gain only ten net yards on the ground, while they picked up 100 yards on 12 passes completed in the game.

The Granite City team did get more first downs than the Flyers and the defensive platoon of Granite City was credited with recovering one fumble.

Stiff Competition
The 1965 edition of the Fighting Warriors have nothing to be ashamed of, nothing at all. They ran head-on into some very stiff competition, and, how in the game they always are for an East St. Louis game, especially after upsetting the Flyers 16-7 last year.

The game left the Warriors with a 2-2 conference mark and a 3-3 overall record, while East St. Louis remains undefeated, with 6-0 overall and 3-0 conference marks.

Coch Fred Cameron, of East St. Louis, said "It was Granite's best game all year."

That it was, yes, sir. What a game.

\$10,754 Value in Building Permits Issued Last Week

Thirteen building permits with values totaling \$10,754 were issued in Granite City during the third week of October as the week slipped by without new major industrial activity.

Seven permits were for remodeling and repairs, five for garages and carpentry and one for a room addition.

So far during the month 36 permits have been issued with values totaling \$2,196,872, due mostly to \$1.9 million in industrial construction by Granite City Steel Co.

Permits for garages and carpentry were issued to George Fisher, 2714 Nantuxi road, a garage, \$1314; Robert E. James, 3234 Westchester drive, carport and storage, \$1000; Erwin Barry, 25 Briarcliff, raze shed and rebuild garage, \$1000; Wilbur Shelton, 2453 Edison avenue, carport, \$1000; and Ruth McCallan, 2228 Grand avenue, raze and rebuild garage, \$1000.

Addition to Home
Gerald Hicks, 2228 Nevada avenue, obtained a permit for a one-room addition at a cost of \$1500.

Permits for remodeling and repairs were issued to Frank Fleming, 2820 Buxton avenue, aluminum siding, \$400; Warren Crabtree, 2819 Buxton avenue, remodel and repair garage, \$350; Bill Swindle, 2300 Edwards street, enclose front porch, \$1050; Carl Flood, 2513 East 26th street, rebuild front porch and garage, \$1530; Mrs. J. Motorists Warned to Watch Halloweeners

Although motorists always should be on the lookout for children special care has been urged by the Quad-City Safety Council during the usual Halloween period in which swarms of youngsters will be "trick or treating" on area streets after dark.

The Halloween period has become one of the annual traffic problems. Halloween activities in which youngsters cross streets at night, from street corners and from behind parked cars, often wearing dark costumes, increases the danger of their being hit by a car, according to the Safety Council.

"Parents of young trick and treaters can help insure their safety by making sure their child can be seen at night," the council suggests. Children should be instructed to remove their masks when crossing streets to avoid having their vision obstructed, it was pointed out. If their costume is basically dark, a white scarf or handkerchief should be tied around an arm, or a white bag for their goodies should be given them to carry.

Exams Scheduled for Institutional Posts

Examination schedules for test centers of the Illinois Department of Personnel in Southern Illinois are being announced, including the East St. Louis Army Building, East St. Louis, at 8:30 a.m. every third Monday of the month, and Summers Business College, East St. Louis, at 1 p.m. on every third Monday.

The schedules were announced by Miss Maude Myers, director of the department, who said written tests for selected continuous examinations will be given on the monthly basis. The tests at Summers Business College will be for typists and stenographers only.

Miss Myers said applicants are especially being sought to fill guard vacancies at Joliet-St. Louis penitentiary and cottage parent vacancies at Youth Commission institutions at St. Charles and Geneva, Ill. Further information may be obtained from the Illinois Department of Personnel offices in Carbondale and Springfield.

Plan Book Week Programs in Quad-City Libraries

Libraries in the Quad-City area will observe "Book Week" beginning Oct. 31 through Nov. 6, with new book displays, tours by school classes and open house for the public.

The Granite City public library will display new books in the juvenile department, according to Mrs. Mary Gen Knutline, librarian. Plans also are being made, she said, to distribute treats and small gifts to youngsters of school classes making tours through the library during the week.

Feature of the week in the Granite City and Venice libraries will be the forfeiture of outstanding books against overdue books. If the books are brought in during that week, the Madison library will not follow this policy, according to Blanche Revell, Madison librarian.

Mrs. Revell and Mrs. Audress Brown, librarian at Venice, said tours of school classes are scheduled there and new books will be placed on display.

Mrs. Knutline said the theme of the book week program in Granite City will be "Sing Out for Books."

Mrs. Brown in Venice and Mrs. Revell in Madison said that invitations especially have been extended to parents to inspect their library facilities to help determine the aid available to youngsters in school work.

The conference will open with a general session on "A Brief Brush in the World of International Understanding" by Dr. J. D. Logsdon, superintendent of high school District 205 in Harvey, followed in the early evening by a banquet. Roger Franz will present "Three Steps to a Better Memory." He is a faculty member of the Carnegie Institute.

Throughout the morning hours on Saturday there will be a diversified selection of meetings, attendance at which will be optional. The conference will close with a luncheon at which Mrs. Robert Peabody, Illinois state representative, will speak on "Woman's Role in Today's World." A fashion show also will be presented by the hostess group, the South Suburban Educational Secretaries Association.

All secretaries engaged in education work, either as clerks, bookkeepers, record clerks or similar capacities are invited to attend the conference. Information may be obtained from Mrs. Ruth McCallan at West Junior high school, East St. Louis.

Officer Walter Cowgill found a horse, belonging to Hughie O'Rourke of Venice, believed to have been stolen a few days ago. The horse was found near Al Brandes' place on Ohio avenue. When the animal disappeared it was saddled and bridled, but when it was discovered by Cowgill both the saddle and bridle had been removed. The horse was turned over to its owner.

FOOD STAPLES presented by the Granite City Democratic Women's Organization to striking employees of Union Starch & Refining Co. at a recent meeting attended by 30 members. Mrs. Agnes Barunica, club president, is at front and center.

Democratic Women Plan Two Christmas Events

The Granite City Democratic Women's Organization is planning its annual Christmas dance Dec. 11 at the Veterans of Foreign Wars hall and a Christmas dinner on Dec. 8 at the Rose Bowl restaurant.

The plans were made at a recent meeting when members brought staple goods to be presented to Union Starch strikers. The club previously donated \$50 to the strike fund.

Thirty members attended the meeting, conducted by Mrs. Agnes Barunica, club president. Refreshments were served and prizes awarded.

Council to Hold 'Carry-On' Type Meeting Tonight

Another report on the proposed solution to the drainage problem in the 3300 block of Johnson road is expected at tonight's Granite City council session.

An amendment to the resolution agreement with Granite City Steel Co. is being prepared to insert an aerial ladder fire truck instead of a snorkel truck, and the steel mill is to be asked to deposit \$50,000 to a special account for the city to purchase the aerial truck and any other fire equipment which can be obtained for that amount.

The council last week took no action on the recommendation of City Atty. Richard Allen on an ordinance that would vacate sections of Omaha street and Park avenue and alleys north of 21st street and dedicate them to Granite City Steel Co. to be added to its North Plant property.

The firm has offered the city \$1000 for the city-owned property. Allen said last week he wanted to give the ordinance further study.

Street Dept. Hirlings

Hiring of additional men for the street department or two part-time workers for the defendant sanitation department to be assigned to alley cleanup under the mayor's current program was discussed briefly last meeting and may be continued today.

Street Supt. Warfield pointed out his department has been reduced from 29 men about five years ago to 23 at present. Several council members are opposing Mayor Partney's suggestion that part-time sanitation department employees be hired.

The council last week called upon the Finance committee to determine if funds are available to grant a request from the Citizens' Air Pollution Control board for an allocation of \$500 for expenses.

Food Stamp Details To Be Explained

Details of the federal Food Stamp Program will be explained to Madison county retail grocers in a meeting to be held in the Granite City high school auditorium Wednesday at 7:30 p.m.

Invitations have been mailed to 338 food retailers in the county, according to Knoble Thomas of the U.S. Department of Agriculture Consumer and Marketing Service, food distribution field office in East St. Louis. A similar program for St. Clair county grocers last week was attended by 150 persons.

The program is federally sponsored and designed to help low income and other needy families increase their food purchasing power and improve their diets. At present there are 116 food stamp projects in operation in the country. Madison county is among 75 new projects designated by President Johnson on Sept. 4.

Home Notes

By Mrs. Catherine R. Mauck
Madison County Home Advisor
Home Economics Extension
University of Illinois
When buying clothes for children, choose garments with self-help features and make allowances for growth.
Self-help features not only help a child dress and undress himself, but eliminate strain on garments.
Front openings naturally make dressing easier for tots. Be sure that neck openings are large enough for a child's head to go through without strain. And see that garments have as few fastenings as possible, conveniently located within easy reach. Flat, smooth, slightly grooved buttons of medium size will be easy to grasp. There should be enough difference between the back and front of garments to allow the child to tell which is which.
Make allowances for growth, especially in the length of children's clothing. While it may be economical to buy a larger size than is necessary, clothes that are much to large look strange and can hamper a child's movements. And they may become faded and worn before the child grows into them.
Look for these adjustable features in children's clothing: deep hems or cuffs, long suspender straps, raglan sleeves, extra blouse length and large underarm or leg seams. Knit fabrics in particular allow for growth. These features in children's clothing will mean longer wear.
